

Timing Chain Cover Assembly

Engineered to exacting OE specifications, AISIN Timing Chain Cover Assemblies, equipped with an AISIN brand Water Pump, Oil Pump and Fan Clutch, offers precise fitment, optimal cooling and lubrication. Providing protection for vital moving parts, AISIN Timing Chain Cover Assemblies are always OE Matched.

Features:

- Precision fitment to protect the timing chain and gears from debris.
- Module-Oriented assembly allow for easy, one step replacement of the timing chain cover, water pump, oil pump and fan clutch (when applicable).
- Optimal cooling and lubrication to exacting OE specifications.
